

GATEWAY GREENS

DESIGN REVIEW COMMITTEE (DRC) APPLICATION

The Declarations require that an owner must obtain the prior written approval of the Design Review Committee (DRC) for ANY exterior alteration or addition to property within Gateway Greens. To comply with the Declarations, please complete this form and forward a detailed drawing or blueprint of the proposed alteration to the DRC. Work may not commence before receiving DRC approval.

Please provide a detailed description of the desired alteration or addition below. Please see the Design Review Manual for specific submission and design requirements in each neighborhood. If you have drawings, surveys, photographs or other documentation, please submit those items as well.

Note: The DRC meets on the 2nd Wednesday of each month. To have your application considered at that meeting, your complete application must be received no later than noon on the 2nd Monday of the month. Anything received after the deadline will be considered at the following month's DRC meeting.
